Subject: Amendments to the 2004 SHOPP

RECOMMENDATION

I recommend that the following 2004 SHOPP Amendment be approved:

2004 SHOPP AMENDMENT TO ALLOW FUNDING IN FY 2004/05

State Highway Operation and Protection Program (SHOPP) Amendment 04H-053 adds four Federal Aid Railroad-Highway at Grade Crossing projects in various Counties throughout the State as indicated on Attachment A. The proposed improvements are to eliminate hazards on State highways at railroad-highway grade crossings. These improvements are authorized by the California Public Utilities Commission (CPUC) pursuant to Public Utilities Code Sections 1201 through 1232 and will be constructed to conform with the requirements of CPUC General Order 88-A, "Rule for Altering Public Road-Highway Grade Crossings". These projects will be funded with State and Federal funds in accordance with 2004 Budget Act Items 2660-301-0042 (State Transportation Funds) and 2660-301-0890 (Federal Trust Funds).

Title 23, United States Code, Section 130, requires a percentage, based on a federally mandated formula, of the funds appropriated for expenditure on the Surface Transportation Program, the National Highway System, the Interstate System and the Congestion Mitigation and Air Quality Improvement Program to be used for the elimination of hazards at railroad-highway crossings. This amendment programs projects to meet this funding expenditure requirement. These funds cannot be used for other purposes or project types.
